

End-of-Life Notification

DATE:2026/06/30

To whom it may concern,

Sitronix Technology Co., Ltd. is planning to fade out some products as given below, with the following schedule.

-EOL Product and Schedule-

New Product Code	Old Product Code	EOL Notification	Customer Feedback	Last Time Order	Last Shipment
ST7735P3-G6	ST7735S-G4-1	2026/06/30	2026/08/31	2026/9/15	2026/12/15

A description of fade out reason:

ST77735S-G4-1 using KFC 0.16um High Voltage process technology in 8 inches foundry since 2010Y. Due to other business considerations at the wafer foundry, it is no longer able to provide the required production capacity to Sitronix. Therefore, Sitronix will be unable to continue supplying this product going forward.

The new product code is ST7735P3-G6. In order to prevent IC shortage, Sitronix Technology Co., is planning to fade out ST7735S-G4-1 within 6 months.

And Sitronix Technology Co., suggest to phase in ST7735P3-G6 driver IC to replacement.

Customer' s feedback will be appreciated.

Please contact us for scheduling your orders which are to be placed.

We apologize for any inconvenience that this action may cause you.

Thanks and best regards,
